

2026 Engage Awards

******Nominations can only be submitted online through the [submission form](#).

Submission Criteria

- All projects **must** include use of Acquia products.
- All submissions must represent initiatives or projects that were completed within 12 months prior to submission.
- By submitting an application, you acknowledge that you are giving Acquia permission to publicly use and publish your name and logo.

Selection process

- A panel of judges will evaluate submissions based on several criteria:
 - Functionality
 - Integration
 - Performance (results and KPIs)
 - Overall user experience
- The panel of judges will select our finalists and one winner per category.

Partner Publicity Acknowledgement*

I certify that my organization has explicit customer approval to use their name, logo, and likeness in this award submission. I acknowledge that I maintain this approval in written or contractual format and take full responsibility for the publishing of any client story if it is selected as a finalist or winner.

Submission Category

Select the Engage Awards category that best represents your submission

- Best Digital Experience at Scale
- Excellence in Brand Protection and Digital Accessibility
- Best Transformation for Security and AI Readiness
- Best Use of Asset Management and Content Workflow

- Other...

Questions

What were the business objectives for this project? What were you seeking to accomplish? Please quantify objectives whenever possible in terms of business impact (e.g., efficiency gain, increase revenue, sales, customer growth, brand loyalty, productivity, time/cost impact, etc.)

What were the business or technology hurdles you needed to overcome?

Please describe the project. What steps did you take to meet your objectives, and how did your use of Acquia solution(s) help you achieve your goals? Make sure to provide enough information to show why you are a leader in the award category you selected.

What results did the project achieve? Showcase how the project is making a difference, and please quantify the results in numbers, percentages, or other metrics.

By submitting this entry form, I confirm that I have all necessary consents to submit information on behalf of the Acquia customer named above and featured in my submission.

I further confirm that the Acquia customer named above is aware of and has agreed to the use of the submitted material for Acquia marketing purposes, including the drafting and publication of a case study should this entry be selected as a finalist or winner of the Acquia Engage Awards. I understand that Acquia may require me to produce evidence of such consent in the form of a confirmation email from the Acquia Customer named above.
