

2022 Engage Awards Submission Form

**Nominations can only be submitted online by following the “Submit Your Nomination Today” link on the Engage Awards homepage.

Submission Criteria

- All projects must include use of the Acquia Platform or SaaS products
- Submissions will be judged on the following: functionality, integration, performance (results and key performance indicators), and overall user experience
- All submissions must represent initiatives, updated features, or projects built with Acquia that were completed within the last 36 months prior to submission.

Selection process

- A panel of distinguished judges will evaluate submissions based on several criteria:
 - Functionality
 - Integration
 - Performance (results and KPIs)
 - Overall user experience
- We will select 2 finalists per category, with one winner (unless exceptions are noted).

Partner Publicity Acknowledgment*

I certify that my organization has explicit customer approval to use their name, logo, and likeness in this award submission. I acknowledge that I maintain this approval in written or contractual format and take full responsibility for the publishing of any client story if it is selected as a finalist or winner.
