

# Acquia Cloud Free

## Build Smarter Faster

Acquia Cloud Free is a free version of Acquia Cloud—a continuous delivery cloud platform optimized to run Drupal websites. Acquia Cloud Free’s development sandbox and ultimate set of site building tools allow developers and technical evaluators to build quality Drupal websites—fast.

## Acquia Cloud Free Is the Perfect Innovation Test Bed for Your Websites

- Are you tired of opening IT tickets to move code to production? Try Acquia Cloud Free, and see how easy it is to deploy code between environments in seconds.
- Do you wish you had more insight into your site’s performance and security? Try Acquia Insight to identify critical issues and best practices.
- Are you struggling with giving third-party vendors the right level of access control? Test out Acquia’s advanced access control systems that provide both security and auditing transparency.
- Let Acquia Cloud Free be your Drupal sandbox to experiment with new features, test your code quality, apply continuous integration best practices, and innovate to build great digital experiences.

## Evaluate Acquia Cloud for Free

You can learn more about Acquia Cloud and evaluate it for free no matter what your expertise level might be.

<b>Acquia offers</b> <ul style="list-style-type: none"> <li>→ Code deployment</li> <li>→ Managed Ops</li> <li>→ Collaboration</li> <li>→ ALM (Insight, Platform Health, etc.)</li> <li>→ Testing on different environments</li> <li>→ Teams &amp; Permissions/vendor management and access control</li> </ul>	<b>Acquia offers</b> <ul style="list-style-type: none"> <li>→ Ease of use</li> <li>→ Application Lifecycle Management tools (log streaming, Insight, server health, uptime)</li> <li>→ APIs/Cloud Hooks</li> <li>→ Live dev</li> <li>→ Drupal 8, woot!</li> </ul>	<b>Acquia offers</b> <ul style="list-style-type: none"> <li>→ Testing on different environments and moving to production weeks before “go live”</li> <li>→ Resources, documentation, and training</li> </ul>

## Acquia Cloud Runs Drupal for Easy Content Management

Drupal solves many common issues:

- Easy content management without IT.
- Intuitive editing workflow.
- Extreme flexibility and extensibility means features can be added rapidly, reducing your time-to-market.
- Integrations with best-of-breed products.
- Access control.

## What You Get

- **Automated workflow** gives you your own dev and stage environment and lets you drag and drop to deploy code and content.
- **Acquia Insight** analyzes and makes recommendations to increase the quality of your site based on performance, security, and best practices.
- **Acquia Search** offers Apache Solr-powered search out of the box to ensure a five-star search experience for your visitors.
- **Mollom** stops spammers and ensures site content quality.
- **Acquia Help Center** provides hundreds of Drupal how-to articles, webinars, podcasts, videos, and blogs.
